The ACI Greater Michigan Chapter together, with our Meeting Corporate Sponsor, Ambassador Steel, invites you to join us on Tuesday, May 20th 2008, for a presentation and discussion on Steel Reinforcement for Concrete.

Our speaker for the evening will be Tony Johnson, Great Lakes Regional Manager for the Concrete Reinforcing Steel Institute. The presentation will provide a brief overview of reinforcing steel production, fabrication and specifications. Pending specification changes and new technology will also be discussed. Concrete framing selections will be presented with reference to typical design applications and loading considerations. A review of "Building Value and Efficiency with Reinforced Concrete" will highlight the benefits of choosing concrete as a structural system.
